Sports HD Camera Quotation (For wholeseller V.1311)

Model No.	Specification	package	Unit Price In USD
VG-ATNV90	**With Display 1080PSports camera** Novatek CPU built with 1.5 Inch TFT screen With G-sensor function Image Rotation function SOS function Support record video without sound WDR function, good picture Support Car license Number input 1920*1080P@30fps/1280*720P @60fps resolution support IR Remote controller support HDMI output with waterproof case (about 50 meters under water) GPS is optional,Add $7	1. Bike bracket 2. Universal bracket 3. Pedestal bracket 4. Helmet mount 5. Base mount 6. Base bracket 7. Elastic band 8. 3M pads 9. Nylon belt buckle 10. AC charger 11. USB cable 12. HDMI cable 13. Remote controller 14. Waterproof case 15. GPS module (Option)	$99
VG-ATNV91	**With Display 1080P Sports camera** 1.5 inch LCD screen Novatek CPU G-sensor SOS recording Support video recording without audio support picture rotation support TV and HDMI output support recycle recording Support motion detect with IR LEDs support digital zoom 1920*1080@25fps resolution With Waterproof case	1. Bike bracket 2. Universal bracket 3. Pedestal bracket 4. Helmet mount 5. Base mount 6. Base bracket 7. Elastic band 8. 3M pads 9. Nylon belt buckle 10. AC charger 11. USB cable 12. HDMI cable 13. TV cable 14. Waterproof case	$75
VG-NV3000	**With Display 1080P Sports camera** Novatek CPU Builit with 1.5 inch TFT display Support Remote control(Under 10 meters waterproof) Come with waterproof cover (50 meters under water) Support digital zoom 1080 HD 1920×1080@30fps support motion detect support recycle recording With WDR function, good picture Support HDMI port	1. Buckle ,2. Helmet Stand 3. Adapter Stand ,4. Bicycle Stand 5. Product Stand ,6. Main Unit 7. Water-Resistant Casing 8. USB Cable ,9. Tabs ,10. Charger ,11. Straps 12. Straps,13. Bicycle Stand Tabs 14. Remote Control Wrist Strap 15. Remote Control 16. Instruction Manual,17. Binding Tapes 18. Wiping Cloth,19. Installation Instruction 20. Tools	$82

 VG-AT600W	**<u>WIFI Sports camera</u>** SIRIA9 CPU Support view picture by mobile via WIFI 1080p @30FPS resolution can be worked as PC Camera or Udisk 120 degrees view angle H.264 Compression format MOV format File Support HDMI 2.0 Megapixel Sensor with Waterproof case (about 10meters under water)		$104
 G8800	**Waterproof Sports camera** 1/2.5 inch 5.0 Megapixel CMOS sensor Ambarella A5 CPU 1/2.5"CMOS 5.0 Megapixel CMOS 500 Megapixel CMOS builit with 2GB internal memory Support Max.32GB Class6 TF card lens: f=2.5mm view angle: 110 degrees @1080p 150 degrees @ 720p 162 degrees @960p 165 degrees for 5M still picture h.264 compression formation Video resolution: 1080P:1920*1080(30fps) 720P:1280*720(60fps) 960P:1280*960(30fps) come with waterproof CASE with WIFI Function is optional wrist remote controller is optional Waterproof rate : 60 meters underwater (can not more than 60 meters, and diving time can not be above 1 hour)		**$170** with WIFI Function & Wrist Remote controller $143 with Wrist Remote controller $132
 VG-AT26B	**GPS HD1080P Sports Camera** **Ambarella cpu, 5.0 Megapixel** 1. Built with GPS antenna 2. FULL HD1080P 3. Max.172 degrees view angle 4.receiver is with 3 meters cable 5. h.264 compression format 6.two channel stero audio 7. support loop recording 8. camera supports 10 meters underwater 9. Come with accessories for bike and vehicle installation		$229
 VG-D11	**Small size Economic Waterproof Sporst camera** With 20 meters waterproof case 1280*720 or 848 *480 Video size 120 degrees lens view angle Support taking pictures Come with bike & headband accessories		$37

NEW! VG-D1000	**1080P Sports Camera** Support 30 meters underwater(with waterproof case) support motion detect recording WDR is for chioce(On/off) 140 degrees view angle can work as Webcam come with helmet& vehicle installtion accessories With waterproof case	 	$68
NEW! **VG-AT69**	**1080P Waterproof sports camera** Metal housing 1.3 Megapixel cmos sensor Video size: 1920*1080 115 degrees' view angle under 720p H.264 Compression format Mov file format Built in microphone With USB port Support 32 GB TF card Come with bike bracket & headband accessories	 	$45
HOT VG-S102H	**1.3 Megapixel HD mini DV** Can work in Raining day and snowing day (can not support diving) Built with 1.2” LCD Video resolution: 1280 * 720 54 degree’s lens view angle Can be used as PC camera Support recording video & sound Support taking picture Support time setting Support AV out Power source: AA BATTERY (package does not include) Support looping recording **Come with accessories for bike, helmet (No Suction Cup bracket)** Suits for bike, skiing, paintball, rock-climbing, snowboarding, skydiving	 Handlebar grip, Helmet grip, USB cable, AV cable, Velcro strap (Short&Long), rubber head strap, CD, Manual	$40
NEW! VG-AT90	**Full HD 1080P Waterproof Camera** Ambarella cpu, 5.0 Megapixel Video resolution: 1080P 30fps/1920*1080, 720p 60fps, 1280 *720, VGA 120FPS,640 *480 Lens can be 270 degree’s rotation Max.170 degrees view angle (Under 720p Resolution) Built with 1.5 Inch TFT display Come with waterproof cover with running button Support anti-shake Built with speaker and microphone Support HDMI output Support G-sensor Support power saving mode (Display auto off) Support remote control (recording & tacking picture) Support 30 meters waterproof recording (with waterproof case) Come with accessories for bike, helmet (No Suction Cup bracket) Suits for bike, skiing, paintball, rock-climbing, snowboarding, skydiving & Diving	 	$120

 VG-AT68	1080P weatherproof HD camera Can work in Raining day and snowing day (can not support diving) Built with 1.2” LCD Video resolution: 1440*1080/ 1280 * 720 View Angle: 720P 115 degrees/ 1080P 90degrees Can be used as PC camera Support recording video & sound Support taking picture Support time setting Support HDMI out Built with lion battery Support looping recording Come with accessories for bike, helmet (No Suction Cup bracket) Suits for bike, skiing, paintball, rock-climbing, snowboarding,	 	$58
 VG-AT26	**Full HD 1080P Waterproof Mini DV**(10 meters underwater) With 2.0 inch TFT screen at the back of the camera 5MP CMOS Sensor mountable camera 150 Degrees view angle built-in video recorder with 2.0 TFT display (64MB Memory is built in) Resolution: Full HD 1920 * 1080 @ 30FPS ; Full HD 1440 *1080 @ 25FPS ; Full HD 720 * 1280 @ 60fps/50fps Support record audio & video Support loop recording Support preview pictures & videos Picture can be 4x zoomed. Support Max 32GB SD card. Can be used as PC cam USB2.0 high-speed device **Come with accessories for bike and vehicle installation** Suits for Bike, Motocross,boat and other Terrain Vehicles	 Bag User manual AV cable USB cable Camera cover, Rubber ring,Bicycle pedestal,Camera pedestal Velcro strap, Charger,Car charger,Charger pedestal,Strap nip,Battery	$215
 VG-S102	**1.3 Megapixel HD mini DV** (can not support diving) Can work in Raining day and snowing day Image Sensor: CMOS 1.3Mega Pixels View Angle：80 degree Video Resolution: 640 x 480@50FPS,8GB/4hour Built-in Microphone external Memory: 8GB SD Card(not included) Internal memory: 64MB Video Format: AVI Output: USB, AV output Power Source: 2 AA Batteries (not included) **Come with accessories for bike, helmet (No Suction Cup bracket)** Suits for bike, skiing, paintball, rock-climbing, snowboarding, skydiving	 Handlebar grip, Helmet grip, USB cable, AV cable, Velcro strap (Short&Long), rubber head strap, CD, Manual	$39
 VG-S103	1.3 Megapixel HD mini DV (can not support diving) Can work in raining day and snowing day View Angle：72 degree Video Resolution: 640 x 480@30FPS,8GB/4hour Built-in Microphone support up to 8GB SD Card(not included) Built in : 64MB Output: USB, AV output Power Source: Built in Lithium rechargeable Battery with Lithium rechargeable Battery,lasting 3 hours Support looping recording **Come with accessories for bike, helmet (No Suction Cup bracket)** Suits for bike, skiing, paintball, rock-climbing, snowboarding, skydiving	 Handlebar grip, Helmet grip, USB cable, AV cable, Velcro strap (Short&Long), rubber head strap, CD, Manual	$39

 VG-AT10	720P waterproof HD camera (15 meters under water) with Laser light to help for fixing position of the target object support remote control(Max. 5 meters in opening area) Video: PAL/NTSC/HDMI output Wide angle Lens: 120 degree Video Resolution: 720P (1280*720)/30FPS With Wireless remote control Built-in Memory 64MB.SD memory Card Support Max.external32GB SD Card(not included) built in microphone support loop recording Movie Format: AVI 8 Port: USB2.0/TV OUT/HDMI Rechargeable lithium battery, lasting 3 hours **Come with accessories for bike, helmet, vehicle mounting** Suits for diving, Motocross, skiing, paintball, rock-climbing, snowboarding, skydiving and all Terrain Vehicles	 Rubber strap,Rubber gasket (3 pieces of different sizes),Velcro, USB cable,TV cable, HDMI cable, Battery, Charger, Charge pedestal,User manual, Driver Disk,Remote controller, Short Velcro strap, Long Velcro strap, Helmet grip, Handlebar grip, Suction cup bracket	$88
 VG-S200	Full HD 1080P Waterproof Mini DV(10 meters underwater) With 1.5"inch TFT screen at the back of the camera 5MP CMOS High Sensor Resolution: Full HD 1920 * 1080 @ 30FPS ; Full HD 1440 *1080 @ 25FPS; Full HD 720 * 1280 @ 60fps/50fps 142 degrees view angle under 1080p 172 degrees'view angle under 720p Support record audio & video Support taking pictures Support loop recording Support preview pictures & videos Picture can be 4x zoomed. Support 32GB SD card. Can be used as PC cam USB2.0 high-speed device Optional color: Black & Blue or Black & Red **Come with accessories for bike, helmet, vehicle mounting** Suits for diving, Motocross, skiing, paintball, rock-climbing, snowboarding, skydiving and all Terrain Vehicles	 User manual, TV cable USB cable, HDMI cable Rubber ring, Short/Long Velcro strap, microphone cable, Battery, Charger, Car Charger, Helmet grip, Handlebar grip, Suction Cup Bracket, Base bracket	$116
 VG-S300	Full HD 1080P Waterproof Mini DV(10 meters underwater) With 1.5"inch TFT screen at the back of the camera Support motion detect 5MP CMOS Sensor Resolution: Full HD 1920 * 1080 @ 30FPS ; Full HD 1440 *1080 @ 25FPS ; Full HD 720 * 1280 @ 60fps/50fps 142 degrees view angle under 1080p 172 degrees'view angle under 720p Support record audio & video Support taking pictures Support loop recording Support preview pictures & videos Picture can be 4x zoomed. Support 32GB SD card. Can be used as PC cam USB2.0 high-speed device	 TV cable, USB cable, HDMI cable, Suction Cup bracket, battery, charger, User manual, car charger, multi-use bracket, velcro strap, goggle velcro strap, microphone	$120

 VG-S119	1080P weatherproof HD camera Can work in Raining day and snowing day (can not support diving) Built with 1.5” TFT LCD 5.0MP high definition CMOS image sensor Resolution:1920 *1080@30fps / 1280 *720@30fps 848 * 480/640 * 480 @ Max.60fps 120 degree 5G All glass Lens H.264 Compression format Picture size: 8M /5M Support tracking pictures Support playback Support Max.32GB SD card **Come with accessories for bike, helmet, vehicle mounting** Suits for Motocross, skiing, paintball, rock-climbing, snowboarding, skydiving and all Terrain Vehicles	 Wall power adapter Car power adapter USB Cable HDMI Cable Stick Velcro pads Strap mount Battery x2 Helmet mount Handlebar mount Mounting strap CD ROM	$135
 VG-S136II	**Full HD 1080P 5 Mega pixel Camera** 5 Mega pixel 1/2" CMOS HD Sensor Support 20 meters waterproof Resolution:1920*1080P@30fps, 1440*1080P@30fps, 1280*720P@30fps, 848 x 480P 60fps Photo size:3M,5M,8M,12M (Max.) 120 degrees' wide view angle lens Support HDMI & TV out Come with 3.7V/1200mAh Lion-battery Support Max: 32GB TFcard Support auto power off	 AC power,Bike bracket,Helmet holder set,USB cable,HDMI cable ,User manual,Pouch	$116
 VG-S900	**Waterproof 1080P FULL HD Mini Camera** **Support 20 meters underwater** 5.0 Megapixel 1/2.5" CMOS Sensor 1.5 " HD 480*240 TFT-LCD display 140 view angle high quality lens **Video Resolution:** Full HD30=1920 x 1080pixel (16:9) @30fps Photo resolution: 5MP, 8MP, 12MP support loop recording with 2 pcs bright LEDs, support working day & night with Laser light to help for fixing position of the target object built with lion battery which can last 3 hours built with good microphone with TV & HDMI output support 32 GB TF card **Come with bracket for bike mounting** Suits for diving, Motocross, skiing, paintball, rock-climbing, snowboarding, skydiving and all Terrain Vehicles	 1. TV cable 2. USB Cable 3. Bike mouting bracket 4. Manual book 5. Adapter	$117
 RD32II	Waterproof 1080P FULL HD Mini Camera Support 20 meters underwater 120 wide-angle lens 5 Megapixel 1/2.5 HD CMOS Sensor Video format: H.264 Compression 1080P : 1920 x 1080pixels(16:9), 30fps / 720P : 1280 x 720pixels(16:9), 60fps Loop recording:2min,5mins, 15mins for options Photo resolution: 5MP, 8MP, 12MP Laser light help for fixing position of the target object 2 high brightness LED lights for night using built with lion battery which can last 3 hours Support up to 32 GB TF Card Optional color: Yellow/Black/Red **Come with bracket for bike mounting** Suits for diving, Motocross, skiing, paintball, rock-climbing, snowboarding, skydiving and all Terrain Vehicles	 1. TV cable 2. USB Cable 3. Bike mouting bracket 4. Manual book 5. Adapter 6. Pouch	$113

 VG-S139II	**Full HD1080P 5 Mega pixel Camera** Support 20 meters waterproof Support day & night recording Support recording audio separately Support taking photos. Flashlight and laser positioning function Support AUTO POWER OFF Built with 3.7V/ 1000mAh lion-battery Support AV out & HDMI out Support MAX.32GB TF card Suits for mounting on helmet or bike	 AC power,Bike bracket,Helmet holder set,USB cable,HDMI cable ,User manual,Pouch	$117
 VG-S101	**480P weatherproof HD camera** Can work in Raining day and snowing day (can not support diving) 2.0 Megapixel 1/4 HD CMOS Sensor Support taking photos & video recording 480 *640 pixel video resolution high capacity li-battery lasting video recording for 2 Hours Support up to TFGB micro SD card Can be used as PC cam USB2.0 high-speed device **Come with bike mounting bracke**t Suits for Motocross, skiing, paintball, rock-climbing, snowboarding, skydiving and all Terrain Vehicles	 2. USB Cable 3. Bike mouting bracket 4. Manual book 5. Adapter	$34
Accessories for HD Camera for VG-S900, RD32II, RD32, RD36, RD32, VG-S101			
	Bike mounting bracket suits for bike mounting standard Bracket in package for VG-S900, RD32II, RD32, RD36,RD34		free
 accessories 01	2 pcs straps & basical bracket suits for mounting camera around arm and head. suits for Model VG-S900,RD32II,RD32,RD36		$8
